The diagram shows a table with two columns. The first column is labeled 'ELEMENT ID' and the second column is labeled 'ELEMENT NAME'. The table contains six rows, each with a value in the first column and a corresponding value in the second column. The values in the first column are 'E01', 'E02', 'E03', 'E04', and '...'. The values in the second column are 'ELEMENT-NAME-A', 'ELEMENT-NAME-B', 'ELEMENT-NAME-C', 'ELEMENT-NAME-D', and '...'. Above the table, the label '4a' is written with a curved arrow pointing downwards towards the top-left corner of the table.
